Please write a narrative in each box below to correspond to the Rating Rubric.

Place documentation in corresponding folder on flash drive to support the narrative. 1.

Comprehensive Needs Assessment

1.1	<i>Please provide a narrative below describing how data was used from a comprehensive needs assessment of the entire school to identify the needs of all children, particularly those who are failing, or are at-risk of failing to meet State academic standards, and how this analysis was used to plan curriculum, instruction and assessment decisions.</i>
	NSCAS, STARS, Fastbridge, Dibels, and MAP Growth data is used to plan instruction. The data from NeSa and MAPS is used to identify schoolwide areas of need for improvements, while STAR, Fastbridge, and Dibels data is used to monitor individuals' progress and identify those students who are at risk and need interventions. NSCAS and MAPS data indicated that our school improvement goal set for reading had been met and just needed to be kept on maintenance while there was a need to set goals to improve math achievement scores. The assessment coordinator presents NSCAS and MAPS results as they become available at staff meetings. This year an ESU consultant led a data workshop for the staff during our inservices. Classroom teachers meet individually with the Title I teacher to group students who need extra practice/instruction and to set goals for the year.
1.2	<i>Please provide a narrative below describing how information from parents and community was gathered to identify the needs of the school. Provide supporting documentation in the corresponding folder.</i>
	A bi-annual parent/guardian school survey is sent home to parents at the beginning of the year in the handbook. Also, a home-language survey was included in the handbook to be signed by the parents/guardians. The survey is collected by the school secretary and the administration. We have an in-house translator for language barriers and a program for translation of written notifications.
1.3	<i>Please provide a narrative below describing the on-going improvement efforts, which should support the Continuous School Improvement Plan. Provide supporting documentation in the corresponding folder.</i>

	St. Edward Public School has targeted reading improvement as a major goal in the continuous school improvement plan. This goal is being kept on maintenance while the primary goal is changing to the improvement of math. The Action Plan identifies two separate interventions, which when combined, will improve reading. Those interventions are: 1) increasing knowledge of vocabulary with the creation of essential vocabulary lists, and 2) increasing comprehension. A copy of the complete Action Plan follows. Elementary classrooms are also targeting reading fluency, high frequency words, and the use of graphic organizers as strategies to increase comprehension. A detailed summary of the Title I Schoolwide Plan has also been included.
--	---

2. Schoolwide reform strategies

2.1	<i>Please provide a narrative below describing the additional assistance provided for students at risk of not meeting the challenging state academic standards. Provide supporting documentation in the corresponding folder.</i>
-----	---

Norm referenced test results (MAPS, Dibels, NSCAS, and STAR) are used along with teacher observation to identify student's needs for additional instruction and/or remediation. Informal records of each child's progress with word recognition (testing of high frequency words) and fluency (timed reading results) are recorded and

Due to NDE by Thursday, April 1st Updated: September 2020

passed from grade to grade along with the norm referenced results. Data is reviewed by classroom teachers and discussed for transition from year to year. A sample form is included in the materials in this section. Our elementary is currently engaged in the MTSS process holding monthly data meetings for the new reading bill.

IRIP's, (Individualized Reading Improvement Plans), are developed for each student below benchmark. Several different interventions (UFLI, Really Great Reading, REWARDS, Sound Partners, 6 Minute Solution, and Language of Learning, and Corrective Reading) are implemented on a daily basis. The school also makes a breakfast program and backpack program available to students and their families. Breakfast is available daily and the backpack program is utilized weekly.

3. High quality and ongoing professional development

3.1

Please provide a narrative below describing the professional development and other activities provided to improve instructional effectiveness and use of academic data to guide instruction. Provide supporting documentation in the corresponding folder.

ESU #7 is the main resource used for supporting the administration and staff by providing professional development and data analysis. The assessment coordinator for the school works with the MTSS team to review the data when it becomes available and work on school improvement. With the implementation of MTSS, many interventions have been used to meet student.

4. Strategies to increase parent and family engagement

4.1

Please provide a narrative below describing how the School-Parent Compact was jointly developed and how it is distributed. Provide supporting documentation in the corresponding folder.

The School-Parent Compact was developed with the school board members and community members. The compact is distributed in the student/ parent handbook.

4.2 *Please provide a narrative below describing how parents were involved in developing the Title I Parent and Family Engagement Policy or Procedure. Provide supporting documentation in the corresponding folder.*

Each year parents are invited to a Title 1 sponsored Family night. At this event, parents are asked to feedback on our programs that involve the Title 1 program.

Due to NDE by Thursday, April 1st Updated: September 2020

4.3 *Please provide a narrative below describing how and when the annual Title I parent meeting is/was held informing parents of the school's participation in Title I. Provide supporting documentation in the corresponding folder.*

Each year a Title 1 parent meeting is held. Last year we held "Breakfast with the Beaver." At this meeting, parents, were given information about our Title 1 program and how our funds are used. At this time the parents are also asked to give feedback regarding our program.

5. Transition Plan

5.1 *Please provide a narrative below describing the school's transition plan for incoming students to support, coordinate and integrate services from their previous program or school (i.e. Headstart and/or other Early Childhood Program to Elementary, Elementary to Intermediate, Intermediate to Middle School, Middle School to High School).*

During the spring, the preschool had a roundup day for the parents and children that were going to attend. They were given the opportunity to spend time in the room and meet the preschool teacher. There was an invitation put into the St. Edward Advance and the school newsletter. Since the preschoolers were already in the building it provided them with the opportunity to become acquainted with the kindergarten teacher and the building since, they are included in the lunch program and activities. There are transition plans in place for Pre-K students moving into kindergarten. The team meets regularly to provide for the smoothest transition possible. We did also provided a “move up” day for the preschoolers to attend the kindergarten room, the kindergarten to go to the first grade, and so on throughout the elementary so the students can become acquainted with their teachers for the following year. In August, there was an open house for the elementary students, parents, and community.

5.2	<i>Please provide a narrative below describing the school's transition plan for outgoing students as they move onto their next school / program / career. (i.e., Elementary to Intermediate, Intermediate to Middle School, Middle School to High School, High School to Post Secondary Schooling or Career).</i>
------------	---

During the spring, the sixth graders have an orientation day for the transition to junior high. A group of seventh graders are picked to answer questions that they may have and show them their lockers, classrooms, etc. After this activity, they meet back with the school counselor to ask any additional questions and to receive a copy of their tentative schedule.

6. Strategies to address areas of need

6.1	<i>Please provide a narrative below describing how the Schoolwide Plan increases the amount and quality of learning time within or beyond the instructional day.</i>
------------	--

The use of a certified Title I teacher to provide reading instruction increases learning time within the school day.

Additional instruction is offered to identified students for two weeks following the end of school and two weeks prior to the beginning of school as a refresher. A summer reading incentive program is offered through the city library to keep students reading when school is not in session. Title 1 teachers lend materials and ideas for summer school teachers.
